### HON. I. DONNELLY.

His Views on the Red River Revolution.

Hon. Ignatius Donnelly has written the following letter in response to an invitation to address the Chamber of Commerce on the subject of the Red River revolution:

MERCANTILE HOTEL, St. Paul, Nov. 23, 1869, J. O'Sullivan Esq., Sec'y Chamber of Commerce, St. Paul:

DEAR SIR—I have the honor to acknowledge the receipt of your favor of this date in which, in the name of the Chamber of Commerce of St. Paul, you invite me to be present at the next meeting of that body, on Monday evening the 29th inst.

It will give me great pleasure to comply with this invitation.

I am thoroughly convinced that if the proper course is pursued by the American people, the present moment is fraught with the weightiest consequences.

As our form of government is simply organized liberty our liveliest sympathies must go out to every people who seek to relieve themselves from oppression and injustice. We have nothing in common with the ludicrous and ludicrous aristocracy of Canada that is trying to prove an era in the wilds of the Red River, the old doctrine of feudalism that "some men were born saddled and bridled, and others are born booted and spurred to ride them."

The geographical necessities of Minnesota require that the great valleys of the Red River and the Saskatchewan shall be thrown open to unrestricted American settlement. Minnesota should be head at this crisis; and the capital of the State is the spot from which its voice should go forth.

Such a state of feeling should be aroused in the nation as will prevent General Grant from giving permission to the red coated soldiers of England to cross the soil of our State to reduce to submission men whose aspirations are for liberty, and whose entire sympathies are with the American people.

If the revolutionists of Red River are encouraged and sustained by the avowed sympathy of the American people, we may, within a few years, perhaps months, see the Stars and Stripes wave from Fort Garry, from the waters of Puget Sound, and along the shores of Vancouver.

I have the honor to be, Very respectfully yours, IGNATIUS DONNELLY.

### Boutwell's Plan.

A new York correspondent of the Chicago Times claims to have ascertained that, after consultation with leading New York bankers, and also with western financiers, Secretary Boutwell has decided to submit, at an early day, probably in his annual report, the following programme for a return to specie payments, to the consideration of Congress:

1. The National Banks to redeem their notes for greenbacks by July, 1870.
2. The government to redeem its greenbacks in gold after June 1, 1871.
3. Free banking for all parties upon bonds bearing interest at 4 per cent in gold.
4. This point is not quite settled. There is some division in regard to the question whether the banks shall be permitted to issue notes, or whether the United States shall take charge of all the circulation by the issue of greenbacks by a plan somewhat similar to that of the Bank of England. It is, however, understood that no greenbacks of a smaller denomination than \$5 or \$10 will be issued.

### Do the Farmers Like It?

The World has a comparison of the prices of wheat and other products of the farm, in the New York market, on the 20th of August and 13th of November—wheat being \$1.69 in August and only \$1.35 in November—showing that the Western farmer has lost during the period embraced in the above dates over \$25 on 1,000 bushels of wheat. The World continues:

He has to pay the same price for his leather goods, for his iron articles, for his woolen and dress goods, for his coffee, tea, and sugar, as if his wheat would still fetch him \$1,600 for 1,000 bushels. But why has the fall of gold not had the corresponding effect on manufactured commodities?

That an oppressive law, subsidizing a corrupt monopoly, forbids us to buy our home manufactures for \$37 to \$38 current per ton for it. It is the same with blankets, alpaca, leather, steel, glass, and a thousand other articles.

The nearer we approach a healthy state of currency, the more keenly will the oppressed and robbed producers of the soil feel the oppression. The present shrinkage in the price of products abundantly proves that the greatest hindrance to the restoration of specie payments is the existing tariff. In the meantime, our farmers are deprived of fully one-fifth of their year's labor, which, we fear, will have an immense influence on the commercial prosperity of the country.

### PATRONS OF HUSBANDRY.

An organization of this order was affected in our village at the Court House last Saturday. Some 20 odd names were enrolled, mainly through the effort of Mr. John Koch, and officers nominated and elected.

The meeting was called to order by Mr. Koch, whereupon Fred E. Du Toit was chosen temporary Secretary. After which the following gentlemen were unanimously elected officers for the ensuing year.

- Master, John Koch.
- Lecturer, J. A. Sargent.
- Overseer, Henry Young.
- Steward, Peter Wingo.
- Asst. do Henry Koch.
- Chaplain, Freeman James.
- Treasurer, John Dunn.
- Secretary, Fred Hanning.
- Gate Keeper, B. Suice.

After which upon motion F. E. Du Toit and Peter Wingo were appointed a committee to procure the use of the Court House Hall for meetings of the Grange, from the County Commissioners.

It is expected that a special deputy from the State Grange, will visit Chaska in a short time to install the officers elect and set the order in motion.

COMPLETED. The alteration of the Chaska & Waconia road is completed and the town supervisors have accepted the same. This is an important road and its completion insures a much heavier trade for Chaska than ever enjoyed heretofore in the direction of Waconia.

The long, steep and almost impassable hill near town is avoided and an easy grade secured. This year has marked a new era in the history of Chaska. New and costly roads have been built that will in due time tell heavily in our favor. The new road, including the two bridges cost \$800. It is a good investment.

Win Brinkhouse was contractor and H. J. Cheever superintendent; to them there is due much praise for the workmanlike manner in which the work was executed.

DESTRUCTIVE FIRE.—We inadvertently mention the fact that Mr. John M. Troll sustained a serious loss last week in consequence of losing his hop ware house and some 65 or 70 hundred pounds of baled hops. It took fire at two o'clock in the morning and when discovered had gained such headway that it was impossible to extinguish the same or save anything. Loss \$3,500 insurance \$2,500. The Underwriter or N. Y. carried the risk.

SOCIAL RE-UNION.—Mr. Jos. Schaaf, John Ess, Jos. E. Schneider and Jos. Wininghoff with their families met at the Chaska House, Frank Ess proprietor last Sunday evening and enjoyed a very pleasant evening. This was an annual gathering and was attended by a number of invited guests. A bountiful supper was provided by Mr. Frank Ess and lady, which was done ample justice too by those partaking.

SNOW.—We were visited by a light fall of snow on Tuesday evening which made sleighing passable.

OUR STORES.—Chaska can justly boast of her stores and merchants. Messrs. Lönfeller and Faber have one of the largest Stores in the Valley and probably as well stocked.

Henry Young, and Lucien Warner have also large and well appointed stores. Besides we have Mr. Thies and Bennett. We advise our farmers to consult their interest and trade at home.

FANCY ARTICLES.—Mr. Bennett, of drug Store fame, has received a fine lot of perfumery &c. Call and see his show case.

PERSONAL.—Mr. E. Holmes, and H. R. Denny, of Carver made our city a short visit on Wednesday evening last.

Mr. Austin Brown of Shakopee also made our village a call on the same evening.

HARPER'S MAGAZINE.—We have before us upon our table Harper's Monthly Magazine for December, one of the best and most interesting numbers we ever read. It is replete with good solid articles, both instructive and entertaining.

There is an interesting historical article upon "The First Continental Council" and another upon the "Life and Services of Frederick the Great." In fact every article are well worthy perusal. Address, Harper & Bros., Franklin Square, N. Y.

WATCHES & CLOCKS.—Chas. Marx, the new jeweler, has just received a new assortment of Clocks & Watches. He also does repairing to order. Call at his place of business in Schroer's Boot and Shoe Store.

GRAIN.—Grain is still declining in price. Wheat brings 55 cents per bushel, while barley only commands 60 cents. Hard times for farmers.

WANTED.—Wood to apply on subscription or debts owing the HERALD office. Bring it in at once and settle your accounts.

SCHOOL BOOKS.—Mr. Thies will hereafter keep a full supply of school books on hand. His store is next to Youngs.

Bad enough to look and feel bad yourself; but no excuse for having your horse look and feel badly, when for a small sum you can buy Sheridan's Cavalry Condition Powders, which given in grain two or three times a week, will make him look and feel well.

STILL AHEAD.—That Star Spangled Banner, which for several years has "waved" to the great satisfaction of its many thousand readers, and to the satisfaction of all swindlers and rascals generally, is even more wide awake than ever. It has at an immense expense secured the services of an eminent artist and the result is that it proposes to give a splendid engraving entitled "England" to every subscriber for 1870.

This superb work of art is one and one-half by two feet in size, and is equal to the best engraving ever offered.

The banner is a large eight-page, forty column paper, overflowing with splendid reading of all kinds and costs only 75 cents a year, which is very cheap for the paper alone, but the publishers propose giving every subscriber a copy of their elegant engraving gratis. The paper and its publishers are reliable and it will pay to send for specimens of The Star Spangled Banner, Hindsale, N. H., or they can be seen at this office.

Winter is now fairly upon us, and the teams are hastening to the lumber woods in various parts of the country. Our advice to every man who goes to the woods, be he captain, cook, teamster, or any other man, is to take along a good stock of Johnson's Anodyne Liniment, and Parson's Pain Expeller. Pills. Many months of labor (in the aggregate) may be saved by this precaution.

### Patrons of Husbandry.

Cor. Rochester (Main) Post.

Noticing in your last issue a communication relative to organizing Farmers' Clubs, let me call the attention of the farmers to the organization known as the Patrons of Husbandry. This is a secret association which secures a fraternal and already by in this State some forty subordinate branches, and it is through such an order only, that the farmers can hope to obtain those advantages they desire. History proves conclusively that ordinary farmers' clubs and associations are too isolated in their efforts to accomplish much, but through the order of the Patrons, they can work in unity. Establish these in every town in our State and the result will be unity of action. The order has now been before the public for several years and is gaining an immense membership in all parts of the country, north, south, east and west. Organize granges instead of clubs.

### Cheap Transportation and the Price of Wheat.

The Madison, Wis., State Journal, of a recent date, in quoting the low price of wheat now paid throughout Iowa, makes the following suggestive suggestion:

Had we a steamboat channel from Prairie du Chien to Green Bay, wheat could be taken from Mississippi river towns to Lake Michigan for ten cents a bushel.

We find, on looking at the market reports, that wheat was worth from twenty-five to thirty cents less at McGregor and other towns on the Mississippi than it was in Milwaukee and Chicago on Nov. 11th. This difference, we take it, represents the cost of transportation.

Putting the surplus crop of wheat in Iowa at 20,000,000 bushels, and ten cents at the highest figure for river and canal transportation, it seems fair to say that there would be a saving of fifteen cents per bushel in the transportation of Iowa wheat to the lake if we had a canal. It would be \$3,000,000 in this crop and enough on return freight to actually save in one year the entire sum necessary to make the improvement.

Why

Is it that Dr. Roback's Stomach Bitters increase in sale every year?

Because They are the best combination ever made.

Why Do the Druggists recommend Dr. Roback's Bitters to their customers?

Because After years of experience and trial they have been proven to be a sure cure for Dyspepsia and Indigestion.

Why Is it that Physicians use and recommend Dr. Roback's Sugar-coated Blood Pills?

Because They know the ingredients of which they are made.

Why Are Dr. Roback's Blood Purifier and Blood Pills the best remedies taken together for the cure of all diseases of the blood?

Because The Blood Purifier is the only article in the market which contains the celebrated costly Drugs imported expressly from Sweden for its manufacture, and the Pills contain the active principle of Podophyllum (Mandrake Root) and is a substitute for Mercury.

Why Are Dr. C. W. Roback's Stomach Bitters, Blood Purifier and Blood Pills the three greatest remedies the world has ever known?

Because After eleven years' experience and trial the sales have increased each and every year, and thousands of letters (unsolicited) of the remarkable cures they have performed bear witness.

Read the letters in Local Columns of cures by these medicines.

VOLUME 8

CHASKA, MINNESOTA, FRIDAY, DEC. 24, 1869,

TERMS, \$150, Per Annum.

NUMBER 18

## The Valley Herald

Official County Paper.

CHASKA, FRIDAY, DECEMBER 24, 1869.

## MINNEAPOLIS

Air Line Rail Road.

Col. Clough, chief Engineer of the proposed Air Line Route from White Bear Lake through Minneapolis, Chaska, Carver to Albert Lea, has made an able report upon the feasibility of the proposed route. We will not now speak of the report as it would be anticipated in able document. It will be published in our next issue.

## CONGRESS MAN WILSON.

The Washington correspondent of the Minneapolis Tribune, speaking of the new census bill in the House of Representatives, says Representative EDWARD M. WILSON showed "his disloyal" proclivities on Saturday by proposing an amendment to the bill which allows pay to the enumerators for only two months instead of four, which saves some two millions of dollars to the taxpayers, which amendment was adopted. Mr. Wilson has earned the gratitude of his constituents by saving \$2,000,000. If very member of Congress would manifest the same regard for the pockets of the people, there would be no complaints of the tax-payers and hard times. But the trouble is, that the \$2,000,000 saved by Mr. Wilson will be squandered or stolen by the radicals in some other way, and the taxes will not be lightened. Sure, substantial relief will come with the exclusion of the radicals from power, and not before. — Pioneer.

## TANTON FOR SUPREMACY JUDGE.

— Hew and Crowing Infamy.

The whole country will be shocked to learn that President Grant has appointed as successor to Justice Grier, of the supreme court, the creature who bears the altogether infamous name of Edwin S. Stanton. This monstrous product of our late unhappy civil war has, during the last year or two, crawled from place to place, the victim of disease, and distributed by uneasy dreams which recalled crimes. A slight recuperation of his physical abilities had encouraged his point of view to this place, where his aid needed in the commission of some strategy upon law or justice, or to contract some decision likely to be made a pretext of constitutional liberty. With the ghost of the murdered Mrs. Merritt by his side, and the stain of her blood upon his cruel hands, there is no official crime for which he is unfitted. He radical Senate will, of course, encourage him at sight. — Pioneer.

## The President on his Dignity.

A Washington dispatch of Friday, to the Chicago Tribune, says:

At the special request of the Judiciary Committee, the Senate went into executive session this afternoon, and resumed for about twenty minutes. A conversation ensued in regard to circuit judges, when Trumbull announced that the Judiciary Committee had attempted to obtain letters of recommendation or correspondence regarding the appointment of these judges from the president, but that, in answer to a letter from the committee requesting these, he had declined in a very positive manner, not seeming to regard it as obligatory upon him to furnish the reasons by which he made his appointments.

Persons who have become thoroughly chilled from any cause, may have their circulation of blood restored by taking to the stomach a tea spoonful of John's Anodyne Liniment mixed in a little old water, well sweetened.

## MARRIED.

In Dahlgreen on Thursday, Dec. 16th 1869, by the Rev. C. L. Reinks, George, Ralts, to Miss. Louisa Wolff.

One by one our bachelor friends drop off and unite their fortunes in "bonds"—wedlock. Nevertheless George wish you and your bride a long and joyous life. The printers were kindly remembered.

## Chaska Market Prices.

There has been a slight decline in the market price of the articles named below since our last issue. The following are the ruling figures to day.

Wheat, per bushel, 55 cts.

Oats, per bushel, 37 "

Barley, per bushel, 55 to 60 "

Chickens, per lbs, 8 "

Geese, " 8 "

Turkeys " 12 1/2 "

Pork " 8 to 10 "

CHRISTMAS AT CHURCH.—The usual services in the Moravian Church, for Christmas Eve will be held at six P. M. Christmas and friends are requested to meet promptly. The services will be in the English and German languages.

After the services all are invited to meet in the Academy building for further proceedings.

Hoop-Poles.—Large quantities of Hoop-poles are being brought into town. Common poles bring \$7 cash and \$8 in trade, per thousand. Large poles \$9 cash and \$10 in trade. This seems to be the staple trade in our town thus far this winter. The large quantity received is owing probably to the desire of the farmers to dispose of everything available in their possession and retain their wheat for an advance in price.

ALLEN'S IRON TONIC.—We call the attention of our readers and the public generally to the advertisement of Allen's Medical preparations, in another column.

We are informed by those who have tried them, that they are far superior, to those now offered to the public by Druggists. G. A. Du Toit of Carver, has been appointed agent for this County.

PRICE OF HAY.—The price of hay has declined from \$12 to \$9 per ton. In Scott County we are informed it is delivered at \$8.00 per ton. There is a large quantity in the country, notwithstanding the floods of last fall.

FERRY.—Our popular and energetic ferryman Fred Illis, keeps his boat running, regardless of cold weather. The Chaska and Carver ferries are as well managed as any ferries in the State.

NOTICE.—The Board of Directors of the County Agricultural Society, will meet at the Planters Hotel in Carver on Wednesday the 29th day of December 1869 at 10 o'clock a. m., for the transaction of important business.

TAX NOTICE.—We call the attention of "all concerned" to the notice of the County Treasurer in another column. The law requires the payment of all personal property tax on or before the 1st day of February. In compliance thereto, the Treasurer notifies that he will strictly enforce the payment of the same even if he has to detain on property.

SHAKOPEE.—We made this thriving "little village" a visit on Tuesday last, which time we met a large number of its most enterprising citizens, among whom was Capt. John H. Brown, E. L. Balch, D. L. and S. D. How, D. W. Coulthard, Joe. Niehof, Capt. Stenerson and W. H. Anderson. Shakopee must prosper with such men at its head.

PERSONAL.—Wm. B. Moulter arrived home from St. Louis on Saturday last, Billie is looking well after his summers work.

Sheriff Hecklin was in town on Monday. E. Holmes was in St. Paul purchasing goods on Tuesday. N. P. Nelson also.

OPEN.—The Carver ferry, still remains open. Mr. Griffin will run it until it is perfectly safe to cross with teams on the ice.

GOOD.—Those "bitters" manufactured by J. P. Allen of St. Paul. Read adv't in another column, and then go and purchase a bottle. G. A. Du Toit sole agent for Carver County.

LAWING.—A rather "mixed up" suit took place last week before Justice Letford, between Peter Hultberg and And. Skone. We have not heard the result, Col. Baxter, and Jrs. Weinmann were the attorneys engaged.

CARD.—John M. Troll having accused me of saying to special Agent Beveridge that he (Troll) had only some 4,000 lbs of hops at the time of his fire; I pronounce the statement false and malicious and calculated to do me wrong. I never made such statement and who ever says so slanders.

JOHN NEUNSIINGER.

SHOOTING MATCH.—Remember the grand shooting match at the Chaska House to-day. Ruffing for Turkeys is also in order. Remember the Chaska House.

## The Valley Herald

Official County Paper.

BY F. E. DU TOIT.

CHASKA, FRIDAY, DECEMBER 31, 1869.

## Minnesota Western Railroad.

There is a contemplated road from Minneapolis to Iowa, via the crossing of the Minnesota river near Shakopee or Carver, and Albert Lea. The route has been recently surveyed by Col. Clough, of Minneapolis, and his report is regarded as very favorable to the east. At a meeting of the stockholders, held in Minneapolis on Monday, the following gentlemen were elected directors for the ensuing year:

H. T. Wells, John Martin,  
D. Morrison, L. Butler,  
W. P. Washburne, R. P. Russell,  
Richard White, Isaac Atwater,  
John Rollins, E. C. Stacy,  
S. W. Farham, Bert Lea,  
John S. Pillsbury, Isaac Lincoln,  
R. J. Baldwin, Shakopee.

W. W. McNair.  
We announced last week that we would publish the report of the Surveyor Col. Clough, in this issue, but from one unaccountable reason the Minnesota Tribune containing the same was delayed and we were unable to obtain a copy of the report in time for insertion in this issue. We will attempt to remedy the matter next week.

## The Red River Rebellion—Dates to the 16th Inst.

We have a long and interesting letter from our correspondent at Pembina, who gives us a set of running account of the Red River insurrection, from the district down to the night of the 16th inst.

He informs us that Gov. McDougall, the new Canadian Viceroy, is about seeking up for a return to Fort Armstrong, on his way back to Canada. We may, therefore, expect him in St. Paul in a few days from now. It will be seen that our correspondent is a firm partisan of the insurgents, but his statements may be accepted as reliable.—Pioneer.

## Important to Homestead Claimants.

It may be well to remind those who have taken claims under the provisions of the Homestead Law that said law went into effect on the 1st day of January 1863. It requires a residence on such claim for five years, at the expiration of which time the claimant has two years in which to perfect his title and securing his homestead, failing to do which within the said two years will work a forfeiture of his rights. A large number of persons in this State took advantage of the provisions of the Homestead act as soon as the law went into effect, to wit: in January 1863. It is important to them that they prove up their claims prior to the same time in January 1870 or they will lose their homestead, as the law contains no provisions for the relief of those who fail to do so.

Col. George W. Dent, of California brother in law of President Grant, has instituted 21 ejectment suits against that number of parties, to recover some 250 acres of land in Croniolet township St. Louis county, and \$15,000 for rents and damages. This is the old Dent family claim, which has been in litigation some 20 years.

A Suez letter to the New York Times says the work on the canal has been stopped but the passage is still hazardous to vessels drawing more than 24 feet.

Fred. Cozzens, the famous wine merchant and author of New York, and central light of the Century Club, is dead.

## How the Debt is Being Reduced.

"Mack" to the Cincinnati Enquirer.

Nothing is more simple than the process by which Mr. Boutwell is enabled to issue his bulletins every month, telling the people how the National debt is being reduced. I have respected all along, but never knew until today, what was the modus operandi. Adapted to private business, it would enable the worst bankrupt in the United States to "stand erect" as Mr. Micawber did after he had given his I. O. U. to Traddles. The secret is this. An order has been given to the accounting officers of the Treasury to allow no claims whatever against the Government—to pay nothing, to repudiate everything. There are just two exceptions made to this general rule—the bond holders and the officeholders. These gentlemen are paid to the utmost farthing. All other classes of Government creditors are denied even a hearing. And so, for the sake of appearing to pay off the debt, hundreds of millions of just and equitable claims are repudiated.

## The Way Congress Opens.

From the New York Times (Rep.).

If we may judge from the way in which the session of Congress has opened, we should be forced to the conclusion that we are destined to witness a repetition of an old and tiresome farce. There have already been prolonged discussions ending in nothing, mingled with the usual proportion of personalities of which every body but Congressmen are heartily ashamed and weary. We are obliged to admit that nothing more barren or dreary can be offered to the public than the ordinary reports of Congressional debates. They are not often instructive, and no one pretends that they are amusing. Matters will mend, it is to be hoped, after Christmas, but garrulous Senators and Representatives must try to conquer their passion for hearing their own voices before any practical work can be done. There are some men who will speak on every subject, and the natural consequence is that it is never worth while to listen to them. Unless members of Congress will to cause their proceedings to be altogether neglected by the public, they will try to suppress the "howlers" and encourage the business men. There is a great danger at present of Congressional reports being carefully skipped by the large body of the public.

## The Building of the North Pacific Railroad Fixed.

The Minneapolis Tribune of Saturday contains the following important announcement:

We learn by a private telegram received yesterday from a well informed quarter, that all necessary arrangements have been concluded, and that the Northern Pacific Railroad will be built the coming year from Lake Superior to the Red River. This is important and gratifying news, which will be received by our citizens with unalloyed pleasure. We have already, upon several occasions, referred to this undertaking as one of vast moment to this State and City, and it is a gratification to know that it is in the hands of parties having the pecuniary ability to press it on to completion with all possible energy and speed.

## No Chance for Hoar.

A dispatch of the 26th, from Washington to the Chicago Tribune, says:

The death of Mr. Stanton has led some persons to think that Attorney General Hoar may be confirmed as Associate Justice of the Supreme Court. Their idea is to have some Southern man appointed to the vacancy in that circuit, and let Mr. Hoar have one of the northern circuits. A talk with several of the Senators in opposition to Mr. Hoar leads to the conclusion that this project will not work. The feeling among politicians who have not been able to get such favors as they wanted from him, is very bitter, and they declare that he shall never be confirmed. Pennsylvania, moreover, will present another man for Mr. Grier's vacancy, probably Judge Strong, whom they were going to put into the Cabinet if Hoar went out.

On the 14th of January, the citizens of Mankato will vote on the proposition for issuing its bonds to the amount of \$75,000, bearing 7 per cent. interest, to run twenty years to aid the Minnesota & Northwestern Railroad Company to construct a line from that city to Wells and Blue Earth City by way of Good Thunder and Fort; the whole to be constructed, with cars running thereon, by the first day of August, 1872. It is believed that the proposition will be approved by a very large majority of the citizens of Mankato, who are thoroughly awake on railroad matters, and do not mean to be "left out in the cold" by railroads, or any other appliances of progress.

## Land Office Removal.

Orders have been received for the removal of the Land Office from Greenleaf to Litchfield. In pursuance to these orders the office will be closed at Greenleaf on the 29th of January and reopened at Litchfield on the 29th.

## CHRISTMAS FESTIVAL.—The S. S.

Festival at the Moravian Church on Christmas Eve was in every respect a success. Proceeding the Festival, a short and appropriate discourse was delivered by Rev. U. L. Reineke, after which there was singing by the children of the School. The singing was excellent and reflected much credit upon the Superintendent Mr. Mix and the teachers of the School generally. The children seemed to take great interest in the proceedings, throughout, from which we infer that, the Superintendent, has the happy faculty of making the Sabbath School hours, hours of pleasure to them—which is not often the case.

But probably the chief attraction of the evening, to the children, was the "tree" situated in the Academy building and its "load" of bon-bons, and Santa Claus with his load of candies &c., to picture the delight of the children at its appearance, would take a more facile pen than ours. To say the least, the room presented a lively appearance during the distribution of presents.

The occasion was a pleasant one and was highly appreciated by our citizens. The Church was crowded to its utmost capacity—and many could not gain admittance, yet local among the latter. To Supt. Mix and the ladies besides the credit of getting up the affair and carrying it through successfully. The citizens of Chaska are also entitled to "thanks" for liberal contributions to furnish few of the "necessaries" requisite for a proper "Christmas" for the Children.

## THEATRE &amp; BALL.—The "Concordia" has issued "posters" informing the community at large that they intend to give one of their unrivalled performances at the Hall on January 9th 1870.

They are re-hearsing a conical piece, entitled "Wellington's Uniform," which will be played on that evening. They will also sing a number of songs in their usual good style.

After the close of the theater the Snakopee Brass Band will discourse music, and those who feel inclined may "trip" around the room to their hearts delight. Admission fee \$100 per couple, or 50 cents per person.

## HAPPY NEW YEAR!—Ere another

issue of the HERALD reaches our readers, the hour hand of time, will have proclaimed the advent of a new year.—We will not now memorize upon the events of the present year, but leave our readers pass their own judgment upon past events. We merely wish upon this occasion, to bid each and every one of our readers a Happy New Year! May fortune and health smile upon them with the advent of 1870, is the sincere wish of the editor. Again, Happy New Year!!

CARVER.—We made our neighboring city—Carver, a visit on last Monday and found business quite brisk, owing in a measure, to its being fair day. Holmes, Du Toit, Denny, Zanger and Funk, were unusually crowded with customers. We also had the pleasure of meeting with a number of old "settler friends," among whom were Robert Patterson and Jos. Williamson of Benton; Herman Logering and Anthony Clesgans of Wagonia; Hugh Hoy and C. Dougherty of San Francisco, each of whom were as pleasant as ever, notwithstanding the hard times. Stock business was not very active, although there were a number of buyers present. Still the Carver fair is a success beyond a shadow of doubt.

OUT AGAIN.—We are pleased to learn that our genial Register of Deeds Fred Greiner, has so far recovered from his late attack of sickness as to be about, we wish him a speedy recovery.

WOOD.—We hope our delinquent subscribers won't forget that we take wood in payment of subscription to the HERALD. Please bear the fact in mind and govern yourselves accordingly.

MATRIMONIAL.—Rumor has it that one of our bachelor friends will take unto himself a wife about New Year. How is it?

## Co. Commissioners

The Board of County Commissioners

convene on Tuesday the 4th day of January next. Much business of importance will be up for transaction, such as acceptance of bonds, appointment of School Supt. and the usual business relating to roads, school districts &c.—Commissioners Darthei and Weisbecker assume the function of their offices at that time. We place every confidence in the ability, honesty and capacity of the board, and look for a good management of our County affairs during the ensuing year.

ACKNOWLEDGMENT.—We gratefully acknowledge the receipt of a beautiful and useful "Editors Ink Stand" from Geo. A. Du Toit of Carver.

We likewise acknowledge the receipt of a handsome "pocket book" as a new years gift, from the "Underwriters Insurance Agency of New York."

We also render thanks to E. Holmes for a Christmas present, consisting of an "illustrated handkerchief."

CATHOLIC CHURCH.—Services at the Catholic Church in this place, was largely attended during the holidays. Father Magnus also visited Victoria and St. Hubert during the week.

PORK.—The price of pork has slightly advanced. The ranging price in our market is now from 9 to 9 1/2 per lb.

If your horse is lame, sore or galled, you should use Johnson's Anodyne Liniment; wash the part with castile soap and warm water, rub dry, with a clean cloth, then apply the Liniment, rub in well with the hand.

Have the readers of the Valley Herald ever used any of Parsons' Purgative Pills? If not, why not? they are the best family physic, besides being the greatest anti-bilious remedy there is in this country.

## Carver Items.

Correspondence.

A SUCCESS.—On Christmas night there was a beautiful tree at the Church for the benefit of the Sabbath School Children. We were not present, but gathered a few "items" from one who was. The tree itself was a large one and completely loaded with various articles, such as, books, beads, book-marks, pin-cushions, S. S. Cards, Dolls, apples and candies, together with numerous other articles to please the children. The tree was well lighted and presented a really beautiful sight. The citizens of Carver turned out en masse, and as a consequence the Church was jammed. The Church choir did some splendid singing and Supt. Holmes delivered the address which he him is due great credit, he being the "getter up" of the affair, and has worked hard to make it a success, which he did. The citizens of Carver contributed money freely to purchase the necessities, and are deserving of praise for the time and labor they have given in getting things in readiness.

ANOTHER.—We understand that the members of the German Lutheran and Methodist Church, also had trees on Christmas eve at their Churches.—Those that saw them say that they were very pretty and amused the children a good deal.

USE THEM.—We mean "Allens Bitters" for sale by Geo. A. Du Toit, for loss of appetite, Dyspepsia &c it cannot be beat. Try them.

CHRISTMAS.—Christmas passed by very pleasantly and quietly in Carver. Most of our citizens attended divine service in the morning, and in the afternoon did justice to Roast Turkeys, at least we did, having been so fortunate as to receive an invitation to "dine out" or we might not have fared so well.

PERSONAL.—Col. L. L. Baxter, was in town on Wednesday and made us a "fare well call." He will leave for St. Paul on Saturday morning, to be at his post Tuesday at the opening of the Legislature.

Hon. J. K. Cullen our Representative will leave on Monday. Again we say no County in the State is more ably represented in the Legislature than ours. Sheriff Hecklin and E. E. Du Toit of the "Herald" were around on "Christmas day."

Our friend Truman D. Strait of Shakopee made us a pleasant call during the week. Call again guests.

FREE HACK.—L. H. Griffin our enterprising and liberal Hack man, ran a "free hack" to and from Meridian on Christmas, as a consequence he was "loaded."

A CALL.—Freeman James of Chaska gave us a call on Monday. Mr. J. reports Chaska in a flourishing condition. Call again.

MATRIMONIAL.—Rumor has it that one of our bachelor friends will take unto himself a wife about New Year. How is it?

## CAUTION.

This is to caution, all whom it may concern that a certain Chas. Marx in Chaska, Carver County, Minn., pretends to possess the knowledge and skill to repair watches and instruments of all sorts; that to his sorrow and great damage I have learned that no confidence can be reposed in his frivolous tongue, in as much as he is not only obliged to send such articles, that are brought to him for repair and according to his own words, the repairing of which is a trifling, to St. Paul; but that he will soil, brake and injure such articles more than they originally were, and besides that he will take instruments, which are entrusted to him for repair, to saloons for public amusements instead of repairing them.

**ROBACK'S** *Roback's Stomach Bitters, unlike all other Bitters in the market, possess intrinsic merit. Most Bitters, so called, are merely wishywashy stuff, sold as a beverage. Dr. Roback's Bitters are not a beverage.*

Dr. Williams' Pink Pills are not a coverage in any sense of the word, but contain the most expensive drugs known to science for the radical cure of Indigestion and Dyspepsia, and for all cases where a tonic and stimulant are required. They restore the vital forces in a remarkable degree, and give tone to

rapidly upon the confidence of mankind, as this

The most prevalent remedy for pulmonary complaints, through a long series of years, and among most nations, has been *China*, the estimation of which has become better known, and its uniform character and power to cure the various affections of the lungs and throat, has been made it known as a reliable protector against the attacks of *Whooping Cough*, and to milder forms of disease in young children, and as a powerful agent in the effectual remedy that can be given for *Incipient Consumption*, and the dangerous affectionations of the throat and lungs. As a provision against the sudden attacks of *Croup*, it should be kept on hand, and administered in the most judicious manner, as it is subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought in the able, still great numbers of cases where the disease seemed settled, have been completely cured.

So complete is its relief of the throat, that the most obstinate of them yield to its soothing action, and nothing else could reach them, under their sufferings. *Cherry Pectoral* they subside and disappear. *Cherry Pectoral* *Public Speakers* find greater protection from it. *Asthma* is always relieved and often wholly cured. *Whooping Cough* is generally cured by taking the *Cherry Pectoral* in small and frequent doses. *Whooping Cough* generally are its virtues known, that would not publish the certificates of them here, on the ground that not assure the public that its qualities are fully maintained.

 in the malarious districts, are literally beyond account.
